

**The Education, Scholarships, Apprenticeships and Youth Entrepreneurship Programme
– EEA Grants 2014-2021**

Project No: 18-Cop-0041

Project Title: *Cooperation and partnership strategy for the enhancement of the education quality of strategic master Chemistry of Advanced Materials in line with Green Chemistry requirements – Green Chemistry of Advanced Materials*

Event host organization: NTNU

Event title: Transnational project meeting (TPM4)

Date and place: 6th of May 2022

Minute PROJECT MEETING

Date: 6th of May 2022

Time: 10:30-12:30

ZOOM meeting, <https://zoom.us/j/97306275533?pwd=WGU3Ukh0TWpqckgra2laelM1b2xhZz09>

Meeting ID: 973 0627 5533

Passcode: 888865

Participants

UB group – Madalina Tudorache, Simona Coman, Octav Pavel, Iunia Podolean, Bogdan Jurca, Bogdan Cojocaru

NTNU group - Elisabeth Jacobsen, Kristofer Paso, Solon Oeikonopolous and Sulalit Bandyopadhyay

1. Introduction

Overview of the project activity for October 2019 – May 2022

We made an overview on our project activity from the beginning (October 2019) until now (May 2022). The discussion was focused on the ended activities (C1,2,3 – short module courses, TPM1,2,3 – project meetings, C4 - STMS, E1-CoSolMat workshop) and also future activities (C7 – module course Natural Products Chemistry, C6 - summer school “Materials

from biomass”). For intellectual outputs, O6 was achieved and uploaded on the project website, O2 and O3 will be improved, O1,4,7 are ongoing.

2. Planning the project activity according with the project proposal in the actual context:

- summer school – Materials from biomass, September 2022, Trondheim;

Announcement regarding the summer school will be prepared (NTNU partner) and started to be disseminated at the end of May (project website, partners official website, social media, ...). The participants will submit a proceeding (extended abstract – 2-3 pages, template will be provided by NTNU) together with the registration (template will be provided by UB) with deadline in the end of July. Teachers will apply for oral presentation while students will prepare poster presentation. E-posters will be preferred.

Mobilities of 8 teachers and 19 master students from UB are budged in the project after project modification based on project economy.

Kristofer launched the idea of host accommodation for students because the travel budget is limited. Additional support could be provided by NTNU to prepare the event.

NTNU will prepare the proceeding as electronic version and UB will print it. End of August could be the deadline for proceeding.

- special issue of CoSolMat workshop– June 2021 – August 2022;

5 papers are now published in the special issue. Minimum 3 more publications are needed in order to end the special issue.

- ISI paper(s) based on UB and NTU collaboration (intellectual output O6/O7);

O6 is ready on the website of the project (two papers; one from each partner). For O7, a paper with both partners in the authors list is required.

3. Website – dissemination of the summer school info on the project website, project info on the partners website and as much as possible on the social media.

Website of the project will be updated with info about summer school, project activities and also intellectual outputs. Materials will be uploaded by Bogdan Jurca.

5. Correction of the budget distribution according with the project economics due to online activities.

Based on project economy until now, modifications (distribution) of budget were proposed and finally accepted by the agency.

For UB

| Intellectual output | Proposed days | Initial days |
|---------------------|---------------|--------------|
|---------------------|---------------|--------------|

| | | |
|--------------------------------------|-----------------|-----------------|
| O2-e-support of the modified courses | 20 | 15 |
| O3-e-book of master thesis | 225 (teacher) | 150 (teacher) |
| | 15 (technician) | 10 (technician) |

For NTNU

| Intellectual output | Proposed days | Initial days |
|---|-----------------|-----------------|
| O2-e-support of the modified courses | 70 | 45 |
| O3-e-book of master thesis | 50 (teacher) | 100 (teacher) |
| | 10 (technician) | 10 (technician) |
| O4-proceeding of the abstracts (summer school, Trondheim) | 45 | 20 |

For the moment, budget economy (without redistribution) is 5859 euro (from UB partner).

6. Research collaboration and education partnership in the future.

Both partners agreed that they should figure up future collaborations on educational and also research directions.
